

# CSS Day 3: Friday Exercise

## Task 1

- <https://codepen.io/silpap/pen/abWZJag>
- Place all 3 boxes in same row
- Provide a small gap between boxes, cca 10px

## Task 2

- <https://codepen.io/silpap/pen/zYwBZyQ>
- Center the box both vertically and horizontally inside a container

## Task 3

- <https://codepen.io/silpap/pen/qBmNmbZ>
- Make the Search button sit next to the input field with slight gap of 10px in between both elements

## Task 4

- <https://codepen.io/silpap/pen/WNjxOrN>
- Place all 3 boxes in same row
- Make the 2nd box take entire free horizontal space, with slight gap between of cca 10px

## Task 5

- <https://codepen.io/silpap/pen/WNjxOrN>
- Place all 3 boxes in same column
- Make the 2nd box center itself horizontally
- Make the 3d box take position on far right side of the container
